Applying to NJMS

All applicants must first complete an online application through the American Medical College Application Service (AMCAS). AMCAS then distributes applications to designated medical schools from July through the end of the cycle.

Once we receive notification of AMCAS application submission, all applicants are sent the link to the NJMS Secondary Application and are required to submit the secondary along with the $95 fee as early as possible but no later than December 15 in order for an application to be reviewed by the screening committee. This fee is waived for applicants who have received approval for the AMCAS Fee Assistance Program (FAP).

In addition to the secondary application, all regular decision applicants (those not applying through Early Decision) are required to take the CASPer test as part of a complete application.

All complete applications remain under active consideration for an interview until mid-March, by then all applicants receive either an invitation to interview or an email of regret.
The following deadlines apply:

- **Early Decision**: Application submission by August 1  
  *(supporting materials are due by 9/1 and decisions begin mid-July)*
- **Regular MD**: December 1st *(decisions begin October 15)*
- **Secondary Application**: December 15
- **CASPer Test** *(required for all regular decision applicants)*: Last day to test is December 10
- **Letters of Recommendation**: December 15
- **MCAT Scores**: Applicants must take the MCAT by October

If you have submitted your application and have questions, please feel free to contact us at: **NJMSapplicant@njms.rutgers.edu**

The NJMS is committed to complying with the requirements of the Americans with Disabilities Act. For information about Rutgers Biomedical and Health Sciences Disability Services please visit: [http://ods.rbhs.rutgers.edu/](http://ods.rbhs.rutgers.edu/)
