Have you ever wondered what it is like to study medicine? This is your opportunity to experience medical education presented in lay language. The faculty at New Jersey Medical School has designed Mini-Med School 2018, an eight week sequence of small group discussions, formal lectures, as well as several elective courses and guided tours to provide you with just that opportunity.

Registration
~ Tuition: $125.00 for all eight educational sessions. Early registration is requested.
Space is limited and will be filled as applications are received. To ensure your seat, your online registration must be received by Saturday, February 3, 2018.
Register online: http://njms.rutgers.edu/community/public_education/minimed
Registration for the program can ONLY BE MADE ONLINE.
You have the option of paying online by credit card with a Visa or MasterCard. Checks or money orders must be received in person no later than the first night of class, Wednesday, February 7, 2018. NO CASH WILL BE ACCEPTED. Please do not send any form of payment by mail. Early registration is requested. Space is limited and will be filled as online applications are received.

FREE Parking is available.

If you are physically challenged and need provisions that may make your learning environment more effective, please call Mr. Michael Grabow, of the Institute for the Public Understanding of Health and Medicine, at 973-972-1269 or email him at grabowmi@njms.rutgers.edu
