**Steven J. Berkowitz, M.D.**

Associate Professor of Clinical Psychiatry  
Director, Penn Center for Youth and Family Trauma  
Response and Recovery  
University of Pennsylvania

### “Early Interventions for Youth at Risk for Post-Traumatic Stress Disorder”

Wednesday, February 6, 2013

10:30 a.m. - 12:00 Noon

MSB – Room B-610

**This program will be of interest to Psychiatrists, Researchers, Residents and Medical Students**

#### Objectives

At the conclusion of this program the participants should be able to:

1. Participants will appreciate the reasons that secondary prevention of PTSD in children and adolescents is realistic.
2. Participants will recognize risk and protective factors and predictors of outcomes after exposure to a potentially traumatic event.
3. Participants will have an overview of the aims of the Child and Family Traumatic Stress Intervention.
