

Department of Radiology Grand Rounds

This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

Imaging of the Pediatric Urinary Tract

Tuesday, November 22, 2022

4:00PM to 5:00PM

MSB room B-610

Einat Blumfield, MD
Professor of Radiology and Pediatrics
Director, Pediatric Radiology Fellowship
Children's Hospital of Montefiore
Albert Einstein College of Medicine

Lecture Objectives:

Following this lecture the attendees will:

- 1) Become familiar with imaging modalities for evaluation of pediatric urinary tract infections.
- 2) Know how to evaluate and grade vesicoureteral reflux.
- 3) Recognize the most common congenital malformations of the urinary tract.

Target Audience: Radiology residents, pediatric radiology fellows, attending radiologists who would like to refresh their knowledge about imaging of the urinary tract in children.
