**Subject:** 2013 Memorial Sloan-Kettering Cancer Center Medical Student Summer Fellowship Research Program

## **Memorial Sloan-Kettering Cancer Center's Medical Student Summer Fellowship Research Program**

is an eight-week research program offered to first- and second-year medical students who have a career interest as a physician-scientist in the field of oncology and/or related biomedical sciences. Participants will:

- Gain clinical or laboratory research experience mentored by Memorial Sloan-Kettering faculty
- Interact with our physicians, PhD investigators, postdoctoral fellows, and graduate students
- Attend a weekly education lecture series presented by our world-renowned faculty
- Present their summer research to fellowship peers and Memorial Sloan-Kettering faculty during the final week of the program
- 

### **STIPEND & HOUSING**

Participants receive a stipend of \$5,800 for the eight-week program. Memorial Sloan-Kettering does not provide housing to program participants. Housing options will be identified and made known to participants. All housing and transportation expenses are the participant's responsibility.

### **2013 PROGRAM DATES**

June 10-August 2, June 17-August 9, or June 24-August 16

Subject to sponsor approval, students may participate in any one of the eight-week program blocks.

### **HOW TO APPLY**

1. Complete the online application and make project selections, which will be available at [www.mskcc.org/summerfellowships](http://www.mskcc.org/summerfellowships) on **December 17, 2012, at 12:00 noon EST.**

2. Submit a letter from your medical school dean or registrar stating that you are a first- or second-year student in good academic standing (mailing address below). The letter must specify whether any courses are under or pending remediation. Students who need to retake a course during the summer or are in the process of retaking a course are not eligible to participate.

All materials must be received by the **application deadline: January 14, 2013, at 12:00 noon EST.**
