

eBeam[®] engage @ NJMS

eBeam engage transforms any whiteboard or wall surface into a multimedia learning environment.

Highlights

User Benefits

- Brings lesson to life – draw free hand, mark up web pages and bring students to the board to explore fun interactive workspaces.
- No more running back and forth between the computer, sound systems & other devices. Engage puts everything you need at arm's length.
- Use the scroll knob to focus attention on relevant content.
- Access and work with files and applications anywhere, anytime using the wireless mini keyboard with touchpad and laser pointer.

eBeam Engage Features

- Multi function stylus
- High Fidelity JBL speakers
- Built in microphone
- Scroll knob
- Customizable eBeam Home
- Line in/line out audio jacks
- Software and curriculum resources
