

Current Rates for Grant Applications

(Updated: February 22, 2012)

The following rates should be used when calculating all grant budgets:

Salaries:

Inflationary increases for future year commitments will be discontinued for all NIH research grant awards issued in FY 2012 (NOT-OD-12-036) Released January 20, 2012). There are no inflationary increases on non-salary expenses as well. Please use link to access "Termination of Escalation Rate":

<http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-036.html>

The federal government will pay no portion of any salary exceeding \$179,700 (NOT-OD-12-35) Effective January 20, 2012. Please use link to access NIH Salary Cap:

<http://grants.nih.gov/grants/guide/notice-files/NOT-OD-12-035.html>

Please use link to access UMDNJ Salary Scales ([Union & Non-Union](#))

Fringe Benefits:

38% of requested salary for all **Full Time Employees** or more than half-time employees.

Postdoctoral Fellows:

8% of salary plus (Health \$3,948 plus \$36 for Life) for single coverage and \$11,484 (\$11,484 for Health and \$36 for Life) for family. Husband/Wife is \$9,060 (\$9,024 for health and \$36 for Life).
