Have you ever wondered what it is like to study medicine? This is your opportunity to experience medical education presented in lay language. The faculty at New Jersey Medical School has designed Mini-Med 2015, a nine week sequence of small group discussions, formal lectures, as well as several elective courses and guided tours to provide you with just that opportunity.

Registration ~ Tuition: $125.00 Includes all nine educational sessions. Early registration is requested. Space is limited and will be filled as applications are received. To ensure your seat, your online registration must be received by Friday, February 20, 2015.
