

August 17, 2023

Dear School Counselor, Advisor and Faculty:

Welcome to a New Academic Year.

We are inviting your students to participate in our highly successful MiniMed Program. Over the past twentieth years, we have graduated over 11,000 students, many of whom have elected to pursue careers in the health professions including medicine.

MiniMed School at NJMS seeks to identify and encourage the most qualified high school juniors and seniors to consider careers in medicine and the health sciences through the exploration of emerging topics in medicine and healthcare. The 2023 MiniMed Program schedule includes didactic sessions by professors of medicine and science followed by medical student session presentations.

Our final session on Graduation Day, "Admission to Medical School" will be led by our Associate Dean for Admissions, George F. Heinrich, MD, and medical student representatives who will describe the application process as well as their own personal experiences.

### **The Mini Med Program Enrollment Information – Fall 2023**

Hybrid Mini Med Program:

**STARTS:** Wednesdays, September 27, 2023 (In –person)

**ENDS:** Wednesday, November 1, 2023 (Virtual)
