

## Department of Radiology Grand Rounds

This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

### Genicular Artery Embolization for the Treatment of Primary Knee Osteoarthritis

Wednesday, April 17, 2024

4:00PM to 5:00PM

Virtual

Osman Ahmed, MD  
Associate Professor of Radiology, University of Chicago Medicine

#### Lecture Objectives:

- 1) Review the incidence, pathophysiology, and present management of knee osteoarthritis.
- 2) Introduce rationale for genicular artery embolization (GAE) as a treatment for knee OA.
- 3) Describe technique and approach for GAE.
- 4) Address existing literature and future directions for research.

#### Target Audience:

Physicians, residents, medical students, and any providers who take care of patients with knee osteoarthritis.

#### Disclosure Declarations:

Dr. Ahmed does not have a relevant financial relationship with commercial interests within the past 12 months.

Dr. Ahmed will not discuss unapproved/investigational uses of commercial products during his presentation.
