

Department of Radiology Grand Rounds

This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

Artificial Intelligence: A Radiology Primer

Thursday, September 8, 2022
12:30PM to 1:30PM
MSB room B-610

Judah Goldschmiedt, MD
Assistant Professor of Radiology
Rutgers University--NJMS

Lecture Objectives:

- 1) To define terms, provide historical perspective and current themes in AI to promote entry level comfort with this reality.
- 2) Outline varied elements of AI and describe where these interface with current Radiology practice.
- 3) Discuss current limitations in this space and future directions.

Target Audience:

Clinicians in radiology and any other field which interacts with radiology practice.

Academic, practice and hospital leaders who wish to understand this developing element of clinical medicine.

Disclosure Declarations:

Dr. Goldschmiedt does not have a relevant financial relationship with commercial interests within the past 12 months.

Dr. Goldschmiedt will not discuss unapproved/investigational uses of commercial products during his presentation.
