

Department of Radiology Grand Rounds

This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

## **State-of-the-Art Abdominal Trauma Imaging**

Thursday, February 29, 2024  
12:15PM to 1:15PM  
MSB B-610

**Mark Bernstein, MD, FASER**  
Clinical Professor of Radiology, Boston University Medical Center

### **Lecture Objectives:**

- 1) Understand the role of CT in imaging the trauma patient.
- 2) Understand the imaging approaches to imaging the trauma patient.
- 3) Recognize common injuries in the spleen and kidney.
- 4) Identify vascular injuries and distinguish these from common pitfalls and collecting system injuries.

### **Target Audience:**

Medical students, radiology residents, radiology fellows, radiology attendings, ER physicians, trauma surgeons.

### **Disclosure Declarations:**

Dr. Bernstein does not have a relevant financial relationship with commercial interests within the past 12 months.  
Dr. Bernstein will not discuss unapproved/investigational uses of commercial products during his presentation.
