This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

Multimodality Imaging of Gynecologic Emergencies

Tuesday, June 28, 2022
12:30PM to 1:30PM
MSB room B-610

Victoria Chernyak, MD
Associate Professor of Radiology
Harvard University Medical School

Lecture Objectives:

- 1) To understand the advantages and disadvantages of different modalities in assessment of various emergent GYN conditions.
- 2) To review salient features of various emergent GYN conditions in pregnant and non-pregnant patients.

Target Audience: Radiology staff and residents.

Disclosure Declarations:

Dr. Chernyak does have a relevant financial relationship with commercial interests within the past 12 months.
Dr. Chernyak will not discuss unapproved/investigational uses of commercial products during her presentation.
