This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

**Neonatal Lung Disease: Imaging Findings and Approach to Diagnosis**

Thursday, September 1, 2022  
4:00PM to 5:00PM  
MSB room B-610

**Mark Liszewski, MD**  
**Associate Professor of Radiology**  
**Director, Division of Pediatric Radiology**  
**Montefiore Medical Center**

**Lecture Objectives:**

- 1) Present an approach to the diagnosis of neonatal lung disease on imaging.
- 2) Review common and uncommon conditions that lead to focal and diffuse lung disease in neonates, and review associated imaging findings.

**Target Audience:** Radiology Residents and Attending Radiologists.

**Disclosure Declarations:**

Dr. Liszewski does not have a relevant financial relationship with commercial interests within the past 12 months.

Dr. Liszewski will not discuss unapproved/investigational uses of commercial products during his presentation.
