This activity is provided by Rutgers New Jersey Medical School, Department of Radiology

## Parathyroid Scintigraphy

Thursday, January 20, 2022  
4:00PM to 5:00PM

**Charles Intenzo, MD,  
Professor of Radiology  
Thomas Jefferson University**

### Lecture Objectives:

- 1) Understand the purpose of parathyroid gland localization.
- 2) Understand the principle of parathyroid lesion imaging using Tc99m Sestamibi.
- 3) Understand the technical factors involved in radioisotope imaging of the parathyroid lesions.
- 4) See case examples
- 5) Understand the false negatives and false positives

**Target Audience:** Radiology attendings and residents, and interested providers and trainees.

### Disclosure Declarations

Dr. Intenzo does not have a relevant financial relationship with commercial interests within the past 12 months.  
Dr. Intenzo will not discuss unapproved/investigational uses of commercial products during his presentation.
