Thyroid Radiofrequency Ablation: The Road Less Traveled

Tuesday, June 21, 2022
4:00PM to 5:00PM
MSB room B-610

Auh Whan Park, MD
Professor, Department of Radiology
University of Texas Southwestern Medical Center

Lecture Objectives:

- 1) Understand the differences among current guidelines for thyroid RFA-indications and contraindications for thyroid RFA.
- 2) Understand basic physics of RF.
- 3) Review how to evaluate the thyroid nodule before RFA.
- 4) Review US-based thyroid and perithyroidal anatomy relevant to RFA.
- 5) Review how to evaluate the clinical efficacy after thyroid RFA.
- 6) Review the incidence and nature of the complications following thyroid RFA.

Target Audience: Endocrinology/Radiology/Endocrine Surgery/Nuclear Medicine/Family Medicine.
