Objectives

At the conclusion of this activity, participants should be better able to:

- 1) Engage in reflection about your own beliefs and values and the need to address personal bias;
- 2) Describe the science behind unconscious bias;
- 3) Identify encounters in which stereotype/bias may have affected the outcome; and
- 4) Explore individual-based strategies to mitigate bias

Target Audience

This activity is designed for all faculty, residents, and fellows from all specialties, medical students, and residency/fellowship program coordinators.
