Dear School Counselor, Advisor and Faculty:

We are inviting your students to participate in our highly successful Pre-Medical Honors Program. Over the past nineteen years, we have graduated over 10,000 students, many of whom have elected to pursue careers in the health professions including medicine.

The Pre-Medical Honors Program at NJMS seeks to identify and encourage the most qualified high school students to consider careers in medicine and the health sciences through the exploration of emerging topics in medicine and healthcare. The 2019 Pre-Medical Honors Program schedule includes didactic sessions with medical students followed by professors of medicine and science.

Our final session "Admission to Medical School" will be led by our Associate Dean for Admissions, George F. Heinrich, MD, and medical student representatives who will describe the application process as well as their own personal experiences.

**The Pre-Medical Honors Program Enrollment Information**

**Start Date:** Wednesday, October 2<sup>nd</sup>, 2019
