

Phase 1: Device Foundation & Network Integration

1. Power On

- Press and hold the top button to turn on the device.
- Swipe up at the "Hello" screen.
- Select **English** and **United States** for your language and region.

2. Recommended Wireless

- Select the **RUHealthSciences** network.
- Log in using your NetID and password.

**This specific network is required for full access to all RBHS digital assets.*

3. Remote Management

- Wait for the "**Rutgers University**" configuration screen to automatically appear.
- Select **Enroll this iPad** to initiate university configuration.

Phase 2: Security, Authentication, & Compliance

4. Duo Mobile Enrollment

- Download the Duo Mobile app.
- Sign in with your NetID.
- Scan the provided QR code on your screen to link your account.

5. Microsoft Intune

Open the Comp Portal app and sign in with **NetID@njms.rutgers.edu**.

- Select **Begin**
- Select **Continue**
- Select **Check Compliance**

6. Final Steps

- Set a strong device passcode when prompted.
- Enable Location Services to help secure and locate your device if lost.
