

Faculty Position in Structural Biology and Disease

The Department of Microbiology, Biochemistry, and Molecular Genetics and the interdepartmental Center for Immunity and Inflammation at Rutgers New Jersey Medical School seeks an exceptional Structural Biologist for a tenure-track faculty position at the level of Assistant Professor. Rutgers New Jersey Medical School is located in Newark, NJ and is part of Rutgers Biomedical and Health Sciences (<http://rbhs.rutgers.edu>), a division of Rutgers, The State University of New Jersey.

Applicants must have a Ph.D. and/or M.D. and at least 2 years of postdoctoral experience. Candidates will be expected to establish a high-impact, funded independent research program that is focused on the prevention or cure of disease as well as participate in medical and graduate school education. A competitive start-up package will be provided.

Information about the department may be found on our website at:
http://njms.rutgers.edu/departments/molecular_genetics/index.cfm.

For consideration, applicants should submit by email to mbmg-search@njms.rutgers.edu: a cover letter, curriculum vitae, a summary of past research accomplishments and future research plans and the names, affiliations and email addresses of 3-4 references.

You may also submit an application by regular mail to:
